

# Character Traits

Character traits are all the aspects of a person's behavior and attitudes that make up that person's personality. Everyone has character traits, both good and bad. Even characters in books have character traits. Character traits are often shown with descriptive adjectives, like patient, unfaithful, or jealous.

You will receive clues about a character's personality through his or her:

- Words
- Actions
- Reactions
- Feelings
- Movements
- Thoughts
- Mannerisms

Describe the many facets of a character's personality.
